Dear Friends,

Bible is not only a religious book, but also a book of practical wisdom for life.

It tells us about Abraham, who on the one hand, lied about his wife to save his life, on the other hand, he did not hesitate to sacrifice his only son Isaac in obedience, Moses, on one hand known for humility, on the other hand, lost his temper and thereby lost his entry ticket to the promised land. The Bible also informs us of king David, who is known for adultery and a murder, at the same time, he is known as the most ideal king that even Jesus is described as the king in the line of David. And we all know about the wisest man in the Bible, Solomon, who in spite of all the wisdom ended his life in vanity, chasing after the wind.

The great scientist Pascal said once- in the heart of human beings lie a God-size vacuum—which only God can fill. One may try to feel with everything but nothing shall satisfy. Without God, we can be trapped in a complex cycle of needs and wants. We may have legitimate needs as well as illegitimate wants. It is possible that we may have sufficient and yet we may not be satisfied. Our needs can be ever expanding as well as our wants could be ever expanding. Amidst such a human context, Jesus reminds us, **“But seek first his kingdom and his righteousness, and all these things will be given to you as well.”** May the good Lord help us to heed to his command seriously.

Thanks for your prayers and partnership. I am glad to share some of the good news of our ministry during this quarter.

Rev. Dr. A. K. Lama.

### BWA Conference

Dr. Asangla Ao and Dr. A. K. Lama were able to attend the 9th Baptist International Conference on Theological Education, July 5-7 and BWA Annual Gatherings from July 7-12, 2019 in Nassau, Bahamas. Dr. Asangla read out a paper for Dr. Atola Longkumer, while Dr. Lama responded to a paper presented by Andre Bokundoa from Congo. Dr. Lama completed the five year term as a Chairman of the BWA Commission on Ministry. He is grateful to the TLA ministry that sponsored him to carry on this responsibility for the global Baptist family. During this Conference, Asia Pacific Baptist Leaders had its own regional meeting, It was a wonderful time of prayer and fellowship. Please continue to pray for the leaders of APBF.

### Family Conference, Bihar

Patna, a city where Dr. Lama was drawn to the Word of God in 1981 and where he as a young believer tried to lead a Hindi Bible study group in 1983 to 1984. Those days there were very few Bihari Christians and mostly new converts but today scenario has changed in the last 35 years. Many Churches are planted and there are several Bihari Pastors who are in need of spiritual encouragements and good teachings from the Word of God. Around 40 Pastors and family came for a Family Enrichment Retreat from far and remote places. Someone said, "Never heard so clear and practical teachings from the Word of God." Other said, "Nobody treated us with so much of respect and love." Still other said, "Now we know how we can serve the Lord together as a family." One of the leaders told Dr. Lama, "Sir, many come here with their vision and try to extract more by paying us less, but you have come to listen to us and encourage us." Indeed, the need is enormous here but the best strategic ways to meet them is by equipping, encouraging, and empowering those who are already in the spiritual battlefield of Bihar tired, discouraged, and frightened. These are the most precious resource of God. Let us pray and support them.

### 36th Annual Conference of ABU Y/D

Around 687 youths participated in the 36th Annual Conference of Adi Baptist Union Youth Department. These are the future of our Church and it is wise to invest our time in building them strong. Arunachal has 19 Baptist Associations and the number of active and interested youths may exceed far more than 12000. The church has much bigger task to mentor them. Please pray that our churches will do their best in my beloved state Arunachal Pradesh.
